“Adria de Haume has embraced our cause to help children build skills to learn to listen and to cope with real life situations, as if it were her own. She has worked endlessly to connect us to many sources of support in the corporate, media and philanthropy worlds. Adria has provided us with strategies for sequels along with ideas for expanding our marketing and branding. She constantly reminds us to think globally and deliver our message to children not only in the USA but worldwide. She cares deeply about improving the lives of children and has served as a behind the scenes mastermind for our efforts. On behalf of all of the children, thank you Adria!”

“Adria de Haume touches the lives of so many people through her incredible jewelry and her love and generosity. The children of City Hearts have been recipients of her caring heart as she has generously donated several of her exquisite pieces for our fund raisers at Jane Seymour’s home over the years. The proceeds are used to directly support City Hearts programs providing free arts intervention programs for our community’s most impoverished and at-greatest-risk children. Adria has also donated her time to give advice and offer support over the past several years. Everyone at City Hearts is honored to be a part of her “extended family” of blessed organizations and we continue to thank her with all our hearts.”

“I would like to express my deep gratitude for Adria de Haume’s wonderful holiday greeting card designs. Over the past two years, her designs were our most popular, setting records and generating nearly \$10,000 to be used by our organization to deliver nutritious meals to our clients, their caretakers, and children. Our funding come primarily from people who open their hearts to allow this important work to continue, and Adria is in the forefront of that effort.”

“Adria de Haume has been a special friend to the Garden Education Center of Greenwich, as well as a life member. Having heard she designed her own wonderful gardens, I called her to ask if she would consider opening her property for our major fund raiser, the Annual Garden Tour. Adria enthusiastically agreed to show her gardens to benefit our horticultural education mission, and she has added to this gift by generously sharing her artistic talents & photography with us throughout the months of preparing for the tour. We are most grateful to this multi-talented designer.”
